- d. More speaking practice

Hello everyone! For those new to the class, my name is Lara Whybrow and welcome!

This lesson will teach you to answer IELTS Speaking Part 3 questions about:

Recycling & the environment

Try to make sentences and speak in the class about this topic. You can type, send a voice note, or both!

A. Vocabulary Development

Recycling is when we take waste and use it again.

This is the universal **symbol** for RECYCLING:

We can recycle the following things:

Plastic

Paper

Tin cans

Scrap Metal

B. Questions:

1. Why is recycling important?
2. Do you recycle?

C. Making sentences about protecting the environment

Fill in each sentence with the correct option from the list:

- Because of, as a result of
- In spite of
- Although
- Even though
- Instead of
- Though
- So that
- In order to

1. save water, you should take a shower a bath.

2. building new highways for cars and trucks, the government should spend more on public transport.

3. it would cost me more to drive my car , I would be happy if they raised gasoline taxes in order to cut down on gas consumption.

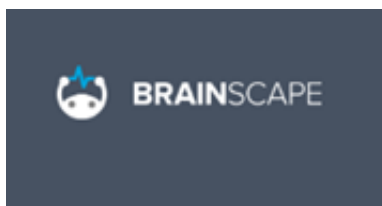

4. environmental problems are overwhelming , there is still hope.

5. Some people water their lawns daily drought warnings.
6. Climates are changing global warming.
7. Recycle garbage it doesn't end up in a landfill.
8. I buy rechargeable batteries the higher costs.

D. Now, try to make your own sentences or voice notes about recycling and the environment.

Advice on what to do after the class

- Make sure your next class is booked, you want to try make English learning part of your routine.
- If there are unfinished exercises it is recommended that you finish the lesson as homework unless it is half the lesson then we will continue working on it in the next lesson.

“scientifically proven adaptive flashcards algorithm that repeats concepts in a pattern that is optimized to your pace of learning.”

- Download my GENERAL ENGLISH deck from [Brainscape](https://www.brainscape.com/decks/123456789) and add any new words that you are having trouble remembering. Check the notes for these words as I usually take note of them for my students. Remove words that you already know and use the app daily to expand your vocabulary range.
